Hello and welcome to your Community Policing report.

#### **ATWORTH**

The Community Policing Team (CPT) model will be rolled-out across Wiltshire Police this autumn, starting with the county of Wiltshire on 17 October 2016 and followed by Swindon on 7 November 2016.

This follows a successful trial of the new model in Trowbridge, Warminster, Bradford on Avon, Westbury, Tisbury and Mere. I would like to thank everybody within the community for assisting us during this pilot and providing us with the feedback to enable the continued development of this new model. The structure and ways of working have developed over the last year and this is down to our continued review and also listening to the feedback from our partner agencies and community and this has enabled us to arrive where we are today. We are keen to also improve where possible and so this process will continue and I look forward to future evolutions.

CPT combines Neighbourhood Policing, Response teams and Local Crime Investigators so there is a "one team" approach to community policing. It means there is a bigger team of officers and police staff available to attend incidents and improves communication between teams and departments. It gives the public a better service because issues can potentially be resolved at the first point of contact (101 and 999 call-takers) and provides them with a named officer/police staff member who they will be able to keep in touch with during the investigation. It also encourages officers and staff to take more "ownership" of cases.

There will be seven Community Policing Teams: Swindon North, Swindon West, Swindon South, Wiltshire North, Wiltshire West, Wiltshire East and Wiltshire South. Each Community Policing Team will be overseen by a Superintendent and will have an Inspector and a Deputy who directly lead that Community Policing Team. The team will be made up of a mix of police officers, community coordinators, PCSOs, civilian local crime investigators and Specials Constables.

We will be engaging with the public as the force wide roll-out commences and will welcome feedback about the new model. Please speak to your local officers to find out more or provide feedback, which you can also do at [feedback@wiltshire.police.uk](mailto:feedback@wiltshire.police.uk) You can also find out more, including videos and infographics explaining the new model, on our website <http://www.wiltshire.police.uk/information/community-policing-pilot>

#### **COMMUNITY MESSAGING**

We have been talking a lot publically about Community Messaging over recent months and I have included the link below and would continue to encourage you to spread the message to your communities, encouraging as many people as possible to sign up. We have seen a 20% growth over

the recent months and this is to be commended and I want to say thank you for this and the work you have done within your communities to assist us in getting the key messages out there to the right people at the right place at the right time. Please help us take this even further. We are continually reviewing the content of our messages, so if there is any feedback for us, please let us know. <https://www.wiltsmessaging.co.uk/>

## **CONTROL STRATEGY**

Below is our control strategy for your reference. This focuses on where how we conduct our operational Policing based on the Police & Crime Plan. We will continue to align our resources with the threat/harm/risks presented in line with the control strategy.

- Domestic abuse / Cyber Crime / High risk offenders / High risk victims

## **CURRENT PRIORITIES/ SERIES/ EXCEPTIONS**

Crime exceptions are where the number of crimes of a specific type exceeds the set threshold. There were no exceptions last month although the north area saw a slight increase in Theft offences and the south saw an increase in criminal damage. The overall number of offences remains low. No current issues with Burglaries. The force as a whole saw an increase in thefts from vehicles. Please remember to lock your car and to not leave items on display, particularly overnight or when parking in isolated locations.
