156/19

8. Clerk's Report

Updates on the following actions arising from previous minutes:

8.1 Parish Steward update

Parish Steward: The Clerk reported that the Parish Steward had last been in Atworth during the last week in February. He had fixed several potholes and concentrated on clearing gullies. He's back in the area on 25th and 26th March.

EGS had noted at the previous meeting that there is an overhanging hedge in Purlpit. AS had noted that the footpath to the boundary near Lowden Garden Centre is very overgrown. The Clerk reported that these issues had both now been brought to the attention of the Parish Steward.

8.2 Planter for the Village Hall

The clerk reported that this work had been undertaken on 22nd January. There is a lining which is still to be delivered to the Clerk. Clerk to chase.

8.3 Village benches – update

EGS stated that Russell Brown, Wiltshire Council Senior Conservation Officer had been sent photos of the proposed benches and agreed that they can be replaced without the need for planning permission or listed building consent, so we can proceed. Four new benches would be purchased after the new financial year, including the two funded by the Area Board.

8.4 Flagpole update

HC reported that she had contacted Steve the outgoing Flag Person in order to retrieve the flags. This had now been achieved. However, a ladder would be required each time a flag is raised and a second person to hold it. EGS confirmed that there is a ladder in the Bier shed. HC to contact EGS to arrange for collection and someone to hold the ladder.

The clerk reported that the Lanyard for the flagpole at Shell Court had been purchased. Light Fantastic had quoted £50 to affix the lanyard using their "cherry picker". Clerk to contact Light Fantastic to affix the lanyard.

8.5 Driveway across the verge on Bradford Road.

RC noted at the February meeting that red brick pavers have been installed across the verge in Bradford Road to replace the concrete, and the Clerk was asked to establish whether permission has been sought if required as it's within the conservation area.

The Clerk had contacted Planning who advised that "Driveways do not need planning permission. Creation of new accesses are dealt with by highways, and if for any reason this is on highways land, or is causing visibility issues highways can look at the matter. "

The Clerk then contacted Highways, who advised:

"The work which has been carried out is unauthorised work on the public highway and we are contacting the owner of the property over the fact that it is unauthorised work. The work was carried out to replace a very tired concrete area and so the work could be considered an improvement. The area is unusual as it is not an access to a property; it might have historically served the properties in some way but now it is merely a parking area on the public highway and so is available for any member of the public to use."

158/19 10. Agenda items

10.1 Renewal of grass cutting contract

Grounds Maintenance Report/Quotation

The Clerk reported at the previous meeting that three quotes had been received for grass cutting. Councillors considered the options and were pleased to see the quote from IdVerde included extras such as cleaning the village gates this year.

The Clerk was asked to specifically to mention an issue with moss on the Recreation Ground.

AS asked whether a professional grounds-person could be called upon to restore the grass.

10.2 Project Proposal: Lighting the Clock Tower

AS was keen to ensure something is in place before winter of next year. Photos were provided of what the project might look like for councillors to consider.

Highways advised:

"I am not aware of the planning restrictions for such a project, you would have to check with the planning department. However, from a highway point of view we would want the lighting not to be a distraction to highway users or to dazzle drivers. Therefore, the positioning any lights would have to designed so that there is no conflict with highway users."

Clerk to establish whether Listed Building Consent was required.

10.3 Repairs to the Clock Tower Roof

The appointed contractors had now erected scaffolding and were progressing with the work.

10.4 The Parish Assembly

EGS questioned whether those present were aware of anyone in the village who was a worthy recipient of an award. They would normally be unpaid volunteers (although there have been exceptions in the past) who undertake work of benefit to the whole village. Several names were put forward for consideration and narrowed down to two persons. EGS to have a word with each person.

159/19 11. **Correspondence**

The Clerk reported that a request had been received for £250 to support a junior parkrun for the young people (aged 4-14) of Melksham. £3,000 would be required in total to acquire the equipment needed. Melksham Town council and Melksham Without Parish council have agreed in principle to contribute towards the total.

EGS noted that it is our policy to only support activities which take place in the village. Councillors agreed that it would be different if it took place on our Recreation Ground. Clerk to write and inform the applicant and wish them well with their endeavours.

160/19 11. **Any Other Business**

Other than a brief discussion about footpaths and fly tipping, there was no other business raised this evening. The Clerk was asked to re-post the notices about fly-tipping on the noticeboards around the village.

161/19 13. **Date of the Next Meeting of Atworth Parish Council**

Wednesday 17th April 2019 in Atworth Village Hall. This meeting is the Annual Parish Assembly which will start at 7.15pm following a short regular meeting.

Meeting closed at 20:00
