**238/20 2. Apologies for Absence**

No apologies for absence were received on this occasion.

**239/20 3. Declarations of Interest**

*To receive Councillors' Declarations of Interests, made under the Council's Code of Conduct adopted 17th September 2017*

Noted that RC is chairman of the VH charity.

**240/20 4. Questions to the Chair of the Council by Members of the Public**

*Public speaking time is restricted to 15 minutes in total*

**Public Participation**

**Reconvene meeting**

A member of the public joined the meeting and mentioned that she had enjoyed a guided tour of the village, and commented on the beautiful playing field.

**241/20 5. To Receive Reports from our partner organisations**

**242/20 5.1 Wiltshire Councillor**

Cllr Alford was not present this evening; no report received

**243/20 5.2 Village Hall committee**

RC gave the meeting an update on the changing room refurbishments, which is part of a five-year rolling plan. A briefing on the finances and funding to date had been previously circulated to councillors. Hills Waste had given a grant of £10,000 towards the refurbishments, however they required a Spring 2021 completion as a condition of the award.

Additional costs had also been incurred, including a structural engineer, an asbestos survey and roof insulation, beyond the original £18,000 quoted. The total cost is not precise but is likely to be a minimum of £22k.

**244/20**                      5.3      CATG report

RC reported on the CATG meeting held 03 December, including the extension of double yellow lines in mead Park, dropped kerbs at Purlpit, barriers and signage at Godwins Close

PT referred to the additional costs being incurred regarding the dropped kerb at Purlpit. EGS stated that there was a question over whether the sign would in fact be affected, and therefore the additional costs may not after all apply.

The Clerk also reported that the results of the Metrocount which was requested in Purlpit during January of this year had now been received, with the result that the 85th percentile speed was 27.9 mph.

5.4      Atworth Youth Club

AG offered to relinquish PC liaison with the Youth Club in favour of MP, which was accepted by those present.

MP explained that she would seek a report and a copy of the latest accounts from the Youth Club.

**245/20**      **6.      Planning Applications**

*Councillors to consider any Planning Applications received*

**Application Ref:** 20/10049/FUL

**Application for** Full Planning

**Proposal:-** Rear extension and loft roof conversion, with addition of first floor.

**At:**    173 D Purlpit, Atworth, SN12 8HG

Councillors discussed the application and agreed to submit a response of

**Object (for reasons set out in box below)**

Councillors noted that the proposed design has an unconventional roof profile which appears clumsy and out of character, particularly the bathroom dormer, when viewed from the side. It was not in keeping with other homes nearby. Permitted development rights now allow people to add another storey and a more straightforward upward extension would probably look better.

The Clerk also asked councillors to note a letter from Planning Enforcement that they will investigate a complaint in due course:

Reference No:	20/00984/ENF
Complaint:	Alleged unauthorised works taking place
Site Address:	Land at Atworth Business Park, Bath Road, Atworth, Wiltshire

**246/20 7. Minutes of Previous Meeting**

7.1 To consider, approve and sign the minutes of the Parish Council Meeting held in November 2020

[Draft November minutes](#)

HC proposed and AG seconded that the minutes of the November meeting be accepted as a true record and all were in favour.

**247/20 8. Matters Arising**

8.1 To work with other Authorities in order to persuade B&NES to repair the Cleveland Bridge and remove the temporary weight restriction. The Cleveland Bridge is scheduled to commence repairs in Spring 2021 and the weight restriction will be removed when these have been completed. Councillors agreed to take this off the main council agenda and keep it on file with the traffic sub-committee.

8.2 Painting the Village Gates. Although IdVerde are contractually obliged to paint the village gateway periodically, this work is long overdue. EGS will endeavour to get a response from IdVerde for a date when the work can take place.

8.3 Reference the installation of pavement widening, cycle lanes, S.I.D.s, flashing safety signs, C.S.W., weight restrictions, pinch points and/or physical barriers in order to slow traffic. A site meeting with Area Engineer Highways has been offered when Covid-19 restrictions are eventually lifted with two councillors and a prepared agenda. It was agreed that a meeting with the three sub-committee members was preferred.

8.4 To give updates on the Atworth Village Facebook page and/or other media. The Clerk, as the Proper Officer, to approve any of the updates and include a reference to the APC website for the most recent approved Minutes. Agreed by all present.

8.5 Clerk's Report: The Clerk reported that the Parish Steward spent time in Atworth week ending 27/11. He had cleared the traffic islands on the mini roundabout of weeds and soil, fixed several potholes in Purpitt and checked on vulnerable gullies.
